HISTORY

The New Orleans Conservatory of Music and Dramatic Art was founded in 1919 by Dr. Ernest E. Schuyten, who realized the need for a specializing school in the city of New Orleans. Dr. Schuyten was aided and supported in his undertaking by a number of leading teachers of New Orleans.

In September, 1932, the Director of the New Orleans Conservatory of Music and Dramatic Art was appointed by Loyola University to found the College of Music and became its first Dean.

Opera Workshop

The Class concentrates on music, text, and stage direction simultaneously. In addition to learning the staging of their own parts in scenes or complete operas, the students learn general information about operatic stage deportment that may be applied to any role in the future. The emphasis is placed on opera that is good theatre.

Loyola Salon of Music

Founded by Rev. Jos. B. Bassich, S.J., for the purpose of providing an audience for advanced students appearing in concerts. President for 1964-1965, Mrs. Aynaud Hebert.

Religious Organizations

For the purpose of fostering religious faith and fervor, and to encourage ambitious students to spiritual and scholastic leadership, the Sodalities of St. Cecilia and Our Lady of the Wayside offer many opportunities for personal development, as well as training and practice in social work and religious activity. Weekly meetings are held for the discussion of phases of Catholic life.

PURPOSE AND AIMS OF THE COLLEGE OF MUSIC

The purpose of the College of Music may be stated briefly as follows: to give the student intensive professional training in his particu-

lar field of interest, to equip him with a solid foundation of thorough musicianship, and to develop a sufficiently broad background of general education to enable him to become an effective member of society. To accomplish this task, Loyola University has developed certain educational goals. These goals are:

1. To place human and spiritual values above the purely material
2. To ensure sound professional training
3. To provide a foundation in the arts and sciences
4. To encourage research and the continual acquisition of new knowledge
5. To promote individual growth
6. To improve the educational facilities of the University and the College of Music
7. To advance the public welfare
8. Loyola University's unity of thought emanates from its totality of outlook. God and the supernatural are at the basis of Jesuit education. The principle of integration in Loyola University is Catholic faith and practice.

Student Retreat

Each year all Catholic students in the University must make an annual retreat which is a character-building and soul-strengthening series of intellectual and spiritual exercises.

Phi Beta

Phi Beta, National Professional Fraternity of Music and Speech, was founded in 1912 at Northwestern University. Epsilon Chapter was installed at Loyola University in 1938.

The purpose of the Fraternity is to promote the best in music and speech and to develop professional ability in these two arts. Terry Tortorich, President, 1964-65.

Phi Lambda Mu

Phi Lambda Mu is an organization of on campus male musicians, the purpose of which is to advance the cause of music in America, to foster the mutual welfare and brotherhood of students of music, to develop fraternal spirit among its members and to encourage loyalty to Alma Mater. Special consideration regarding refunds will be given to students either voluntarily entering the Armed Services or being drafted.

ACADEMIC SCHOLARSHIPS

The President's Scholarship (Available to all Jesuit High Schools) This scholarship is awarded by the President of the University to the student graduating first in his class. It is a full tuition scholarship.

WORK SCHOLARSHIPS

It is possible to defray a portion of the tuition costs through performance of on-campus work for a specified number of hours a week in the various departments of the University. These jobs are limited and are not given out until after the Fall Semester is in session. They are given only to those students who have filed the Parent's Confidential Statement.

STUDENT HOUSING

MEN

All out-of-town undergraduate men are required to reside in Biever Hall. Biever Hall is a completely air-conditioned six-story building providing accommodations for 400 men. It is located on the north side of the campus near Freret Street on a direct city bus line to the heart of the city.

FACILITIES

Each room provides for two students, each having a private locker, desk and sleeping facilities. Each floor has two pay telephones located in a large central lobby. On the ground floor are mail boxes for each resident and a laundry pick-up station.

Arrangements are made for residents to take their meals in a special dining room of the Danna Student Center.

ACTIVITIES

The residence hall has been designed with the students' needs in mind. Priest-chaplains are available. Student Supervisors assist in the operation of the residence. Opportunities for recreational activities exist in the nearby Field House and Danna Student Center. Conditions conducive to quiet study are maintained on the various floors at all times.

COST

The cost per semester for room and board is $415.00.

RESERVATIONS

All students who will reside in Biever Hall must deposit $150 upon receiving their letter of acceptance for admission to Loyola University. This deposit is deductible from the tuition and room and board, but is not refundable upon cancellation. Upon receipt of this deposit by the University the Director of Housing will make the necessary reservation.

WOMEN

On-Campus

The university owns three residences adjoining the campus, Martin, Carey and Ignatius Halls. These houses are within walking distance of academic buildings and the Danna Student Center.

Off-Campus

Due to the rapid increase in out-of-town enrollments, it has been necessary to secure private homes in the University section. These homes have been approved by the University and follow the rules that govern all women resident students.

These houses are within short walking distance to the campus, a shopping area, and Danna Student Center.

FACILITIES

Laundry facilities are available at each residence. Single, double or triple rooms are available. Kitchen privileges or kitchenettes are available in each dorm for snacks. Contract meals are taken in the Danna Student Center with all other resident students.

COST

On-Campus room and board is $690 for the year and is paid in two payments, first semester and second semester. Off-Campus room and board varies and is also paid in two payments.

RESERVATIONS

Reservations are made by returning the housing request to the Dean of Women after the applicant has been notified by the Director of Admissions that she is eligible for admission and after she has sent to the Director of Admissions the required $150 deposit. This deposit is deductible from the tuition and room and board, but is not refundable upon cancellation.

Administrative Procedure

KNOWLEDGE OF REGULATIONS

Every student is to acquaint himself with all the regulations of the University that pertain to him. Ignorance of a regulation is not accepted as an excuse for its violation. These regulations are to be learned from the Student Handbook, official instructions given to the students, and posted official notices. When a student registers in the University, it is understood that both the student and the student's parents or guardians agree to the student being governed by the regulations of the University, and will abide by decisions that may be made by officials of the University regarding the student.

INSTRUCTION

The unit of instruction is one hour a week for one semester. Two hours of work in a laboratory are considered equivalent to one hour of class work. Students may receive credit only for the number of hours published for a course.

ATTENDANCE

The University is insistent on regular and punctual attendance. Each tardiness, defined as a student's failure to be present when his name is called at the beginning of each class or laboratory, will be counted as a third of an absence.

The student coming late is responsible for seeing that the instructor changes the absence noted at the beginning of the class to a tardiness.

Any student incurring more than six absences in a course which carries three or more semester hours will be dropped from the course automatically. In courses of less than three semester hours the maximum number of absences will be double the number of semester hours, e.g. in a two semester hour course, four absences will be the maximum allowed; in a one semester hour course, two absences will be the maximum.

Double cuts should be registered before and after the major holidays only, viz., Thanksgiving, Christmas, Mardi Gras, and Easter. Double cuts should be registered only on the last University class day before the beginning of the holidays and the first University class day after the holidays. For example, if the holidays begin on Friday, the last class day being Thursday, a student would not incur double cuts on Wednesday, even if his last classes before the holidays were on Wednesday. Similarly, if University classes are resumed on Thursday, when a student would have no classes scheduled, and he skips scheduled classes on Friday, double cuts would not be incurred on Friday.

Students who have exceeded the maximum number of absences will have a right to petition the Committee on Attendance for reinstatement.

Students petitioning reinstatement should do so within twenty-four hours after they receive notification that they have been dropped from a course. The petition must be submitted by letter to the Dean and must include the reason for each absence, giving dates, etc. While the petition is being reviewed by the Committee on Attendance the student will be permitted to attend class. The decision of the Committee on Attendance will be final. Extended absences due to sickness must be verified by a doctor's certificate.

Students entering class more than five minutes after the starting bell will be recorded absent.

Absences for any excuse whatever do not exempt a student from quizzes, tests, examinations, or other written work required during the period of absence. The responsibility for making up such work rests wholly upon the student. A failing grade for the omitted work will be charged against the student if he does not fulfill his obligations within the time limit determined by his professors.

CLASS ATTENDANCE OF HONOR STUDENTS

All undergraduate Juniors and Seniors in the College of Arts and Sciences with a 3.5 average or higher for a semester are allowed unlimited cuts in all their subjects, laboratories excluded, for the following semester.

WITHDRAWAL FROM THE UNIVERSITY

A student who withdraws from the University during a semester before taking the final examinations of the semester forfeits all credit for work done in that semester.

To withdraw officially from the University a student must:

1) Obtain withdrawal forms from the Office of the Rgistrar.

2) Obtain signatures of designated officials on withdrawal forms. (These forms will not be signed until the student has cleared all obligations to the University).

Withdrawal is not complete or official until all signatures have been obtained and forms are returned to the Office of the Registrar.

Those students who withdraw officially from the University *prior* to mid-semester examinations will not have grades recorded in those courses for which they were registered at the time of withdrawal.

All students who withdraw officially from the University *after* the mid-semester examinations will be assigned a grade for each course for which they were registered at the time of withdrawal. If the grade is passing at the time of withdrawal a grade of WP will be assigned. If the grade is failing, a grade of WF will be assigned which shall indicate a failure in the course.

Those students failing to complete official withdrawal from the University will incur a grade of "WF" in all courses for which they are registered. These grades are placed on the student's permanent record and are not subject to change. Students are reminded that they must complete official withdrawal from the University before the termination of the semester in which they have registered.

In the case of a student who is called to active duty in any branch of the armed services before the date for final examinations in the semester, the following exceptions to the formal regulations have been made:

1. *Should a second semester senior be called to military service within six weeks of the date of commencement exercises, he will have the dates of his final examinations advanced, and, if he passes successfully, he will be granted full credit and his degree.*
2. *A senior in his first semester, or a junior, sophomore, or freshman in either semester who is called into military service within four weeks of the end of the semester will have his examination dates advanced, and, if he passes successfully, be granted full credit for the semester.*
3. *A notation of the action taken by the University in accordance with the provisions made above will be made on the records and transcripts of the students who have received full credit under these provisions.*

SCHEDULE CHANGES

A student desiring to drop a scheduled course or to add another course after his semester's schedule has been filed in the Registrar's Office should consult with his Adviser or the Chairman of the Department in which he is registered from whom he should obtain written permission to revise his schedule. This written permission should be presented by the student to the Dean for approval. Permission to add a course or change from one section to another will not be granted after the date indicated in the Session Calendar as the last day for schedule adjustments.

Students remaining in the University who drop one or more courses after the date indicated in the Session Calendar as the last day for schedule adjustments must be assigned a grade. If the grade is passing at the time the course is dropped a grade of WP will be assigned. If the grade is failing, a WF will be assigned which will indicate a failure in the course.

CLASSIFICATION OF STUDENTS

Those students are ranked as Sophomores who have credit for twenty-four semester hours; Juniors, those who have fifty-six semeshours; Seniors, those who have ninety-two semester hours. Students not included in any of these classifications are registered either as special students or as out-of-course students.

GRADES AND REPORTS

A report of the semester grades made by a student in his scheduled subjects is sent to the student at the middle and end of each semester. Grades are reported as follows:

A (93-100) excellent; B (85-92) very good; C (77-84) good; D (70-76) merely passing; F (0-69) failed; W withdrawal from subject course with permission; WF, withdrawal with failing grade or failure because of excessive absences; WP, withdrawal with passing grade; I, incomplete grade.

All incomplete grades must be removed before the end of the following semester. Otherwise, they become failures and are so recorded. However, it is more beneficial to the student if the incomplete grade is removed before the middle of the following semester in order that an undue burden is not placed on the student when preparing for his scheduled final examinations.

Semester grades are determined as follows:

Pre-examination work in first half of semester	20%
Mid-semester Examination	20%
Pre-examination work in second half of semester	20%
Final Examination	40%

QUALITY POINT RATING

No student will be permitted to graduate unless he has established a quality point average of 2.0 in his work towards the desired degree.

N. B. The quality point average is determined by dividing the total of quality points earned by the total hours attempted.

Quality points are earned in the following manner: for the grade of "A," in a subject course, the student is credited with four times as many quality points as semester hours allowed for that course; for the grade of "B," three times as many quality points as semester hours; for the grade of "C," twice as many quality points as semester hours; for the grade of "D," the same number of quality points as semester hours; for the grade of "F," no quality points are merited.

REPETITION OF COURSES

A student who has failed a course will be allowed to repeat that course when it is next offered. No more than two repetitions of the same course will be allowed to any student.

With the special permission of the Dean, a student may repeat a course already successfully completed with a grade of "C" or "D" in order to better the quality of his work. No third attempt will be allowed. Courses in which a grade of "B" has been earned may not be repeated. In computing the student's general average and quality point average in the major field, all attempts will be counted. In

computing the quality point average in the minor fields, only the higher grade will be counted in the case of courses which have been repeated.

DEAN'S LIST

All students achieving a quality point average of 3.5 or higher in a semester merit the distinction, Honors, and are eligible for the Dean's List. Those students who maintain this average for both semesters of the academic year are presented an award at the Honors Convocation in the Fall Semester.

ACADEMIC PROBATION AND DISMISSAL

1. In order that students maintain the required academic standing and continue in course, the following minimum standards must be met:

a) a quality point average of 1.7 for the first semester
b) a total quality point average of 2.0 for the second semester
c) a total quality point average of 2.0 after the second semester and every subsequent semester.

Students failing to meet these specified requirements will be placed on probation for one semester. If a student is unable to raise his quality point average to the required minimum after one semester of probation, he will be subject to dismissal from the College.

Only rarely and for very grave reasons will the probation of a student be extended beyond one semester.

2. Students who have not established a 2.0 general average and a 2.0 average in their major and minor fields of concentration at the end of their sophomore year must remedy their deficiencies before beginning their upper division major or minor work.

3. Students on scholastic probation will schedule no more than 16 and no less than 12 semester hours.

STUDENT CONDUCT

The educational system of this University includes, as one of its most important features, the formation of character. It is expected that each student will be so loyal to the spirit and ideals of the University that the exercise of proper self-control will come from his own convictions and free determination.

It is intended that the college regulations be a guide and help to foster the conduct which is presupposed in every Loyola student. The College requires regular and punctual attendance at all scheduled exercises, observance of college customs and regulations, serious application to study, and exemplary demeanor in all college activities. A student who is deficient in these essential points will be suspended or dismissed.

The University reserves the right to dismiss at any time a student who fails to give satisfactory evidence of earnestness of purpose and of interest in the serious work of college life. In rare cases a student may be dismissed for a reason that seems to students and parents to be insufficient. In such cases the University is to be considered the more capable judge of what affects the interest both of the institution and of the student body.

Students will be taxed for excessive breakage or destruction of University property. The decision covering each case will be made by the University.

PERMISSION TO TAKE COURSES AT OTHER UNIVERSITIES

Students who wish to schedule courses at other colleges and have such courses recognized as partial fulfillment of their Degree Program at Loyola must obtain the written permission of the Dean before such courses are scheduled.

Failure to obtain such written permission will render the courses unacceptable to Loyola. Courses in which a grade of "D" is earned will not be accepted as transfer credit.

TEACHER EDUCATION AND CERTIFICATION

No student will be certified to teach in elementary or secondary schools unless the student fulfills all the requirements of the teacher education curriculum and a degree has been conferred in one of the following teaching fields: Bachelor of Science in Elementary Education, Bachelor of Science in Secondary Education, or Bachelor of Science in Physical Education.

Student teaching for one semester must be completed under the supervision of the Department of Education of Loyola University.

STUDENT ORGANIZATIONS

STUDENT COUNCIL

The Student Council consists of twenty-seven members, representing the College of Arts and Sciences, the Schools of Law and Dentistry, the Colleges of Pharmacy, Music, and Business Administration and the Evening Division. These students are selected by the student body with the approval of the faculty. The Council serves to unify student thought and action. It conducts general meetings and elections, sponsors and manages interclass contests and leads and directs student activities.

STUDENT UNION

A committee of the Student Council, the Student Union consists of over 125 selected students whose purpose is to promote and coordinate the various activities in the University's Danna Student

Center. It has five officers and seven committees: Cultural, Current Events, Dance and Entertainment, Hospitality, Personnel, Publicity and Recreation.

HONORARY FRATERNITIES AND ORGANIZATIONS

In order to give recognition and encouragement to high standards of scholarship among the students, several honorary scholastic fraternities and organizations have been established on the campus.

ALPHA SIGMA NU Membership in Alpha Sigma Nu, national honorary Jesuit scholastic society, is the greatest honor which can be bestowed upon undergraduate male students of the University who have distinguished themselves by scholastic achievement. Sole honor group set aside for that purpose on the campus, the Loyola Chapter was established April 26, 1936. The two highest ranking students in each school or college of the University are nominated for membership each year. Final selection is made from their number.

BLUE KEY Blue Key is a national honorary service fraternity whose members are chosen by the active student chapter from male students who have distinguished themselves in leadership activity, scholarship and service rendered the University. The Loyola chapter was founded September 14, 1931.

CARDINAL KEY Cardinal Key national honor sorority was established in 1953. Election to the sorority is the recognition of achievement by a Loyola co-ed in scholarship and extra-curricular activity. The organization seeks to advance religion, patriotism, and service by affording training for leadership in the college community.

KAPPA DELTA PI Kappa Delta Pi is an honor society in education to encourage high professional, intellectual, and personal standards and to recognize outstanding contributions in education. Zeta Rho Chapter, established at Loyola on October 8, 1949, taps those undergraduates who achieve a quality point average of 3.3 and graduate students who earn a quality point average of 3.5. Kappa Delta Pi has its journal, *The Educational Forum,* which is one of the leading scholarly journals in education.

Guy F. Bernard, *Chairman*

General Information—The piano department of Loyola University is designed to meet the needs of students in several areas of study. Students who qualify may elect to work toward the Bachelor of Music degree with a major in piano or piano pedagogy. Other degrees which may have an emphasis on piano are the Bachelor of Music Education and the Bachelor of Music in Music Therapy. Students enrolled in other degree programs in the College of Music are required to have a basic knowledge of the piano. In addition, the department is designed to meet the needs of students from other departments of the University who wish to take piano for cultural reasons.

Entrance Requirements—To enter the four-year degree course in Piano, Piano Pedagogy, Music Education or Music Therapy, the student should be grounded in reliable technique. He should play all major and minor scales correctly in moderately rapid tempo, also broken chords in octave position in all keys and should have acquired systematic methods of practice.

Departmental Examinations—Examinations are held at the end of each semester for all students enrolled in the piano department. Grades are dependent upon performance and the amount of prescribed material learned.

Special Examinations—Entrance examinations are given to all freshmen and transfer students enrolling in the piano department. Students enrolled in the Bachelor of Music degree program as piano majors must pass a formal faculty jury examination toward the end of the Sophomore year. At this time the faculty will decide whether or not such students possess the capabilities to continue as piano majors.

Accompaniment—Students having majors in Piano or Piano Pedagogy, or having major emphasis in piano in the Music Education or Music Therapy programs, are required to accompany in the instrumental or vocal department for a period of at least one hour per week.
